Vecchiezza (old age). Father Time brings gifts, including spectacles, a walking-stick and an hourglass, to the elderly couple warming themselves at the fire. By the Bolognese graphic artist Giuseppe Maria Mitelli, (born ~1634; d Bologna, 1718).

DISEASES OF THE THIRD AGE

Second Preliminary Notice of Continuing Education Symposium

When: 30th and 31st August 2008

Where: Life Sciences Lecture Theatre
University of Tasmania, Sandy Bay Campus
How: Registration Form on Page 4

With the age profile of the Australian population moving by about 3 years older every 10 years there is an increasing need for Healthcare Professionals to prepare for the inevitable increase in the number of patients presenting to them with 'late onset' diseases. In this one and a half day symposium we will provide you with an up to date account of the scenarios of many of these diseases and their diagnosis and management. The topics will include:

- Laboratory and Clinical Aspects of Stem Cell Therapy
- Getting Crusty : the Mechanics of Aging
- Malnutrition and Nutritional Support
- Clinical Management of ALL and AML
- Alzheimer's Disease
- Cardiac Diseases : Diagnosis and Management
- Laboratory Diagnosis of ALL and AML
- The Metabolic Syndrome in the Obese Elderly
- Progressive Hearing Loss
- Prostate Cancer
- Management of Respiratory Diseases in the Elderly
- Molecular Medicine in Diagnosis and Treatment
- Quality of Life at the End of Life
- Macular Degeneration
- Advanced Glycation: Ageing and Caramelisation
- New Trends in Medical Imaging

The sessions will run from 10 a.m. – 5 pm on Saturday 30th August and from 10 am – 3 pm on Sunday 31st August. The registration desk will be open from 9 am.

Convenors: Drs. Udayan Ray and Tom Hartley

Telephone: 6222 8234 or 6222 8780
